

Council Honorary Chair:

Hegao Cai, Harbin Institute of Technology, China

Advisory Council Honorary Chairs:

T. J. Tarn, Washington University, USA

Toshio Fukuda, BIT and Nagoya University

Advisory Council Chairs:

Jiecai Han, Harbin Institute of Technology, China

Tianyou Chai, Northeastern University, China

Raja Chatila, Univ. Pierre and Marie Curie, France

Kazuhiro Kosuge, Tohoku University, Japan

Paolo Dario, Scuola Superiore Sant'Anna, Italy

Masayoshi Tomizuka, UC Berkeley, USA

Mario A. Rotea, University of Massachusetts, USA

Ju-Jang Lee, KAIST, Korea

Changlu Zhao, Beijing Institute of Technology, China

Yu Yao, Harbin Engineering University, China

Yanrong Li, UESTC, China

Huadong Yu, CUST, China

Hongyang Jing, Tianjin University of Tech., China

General Chairs:

Hong Liu, Harbin Institute of Technology, China

Toshio Fukuda, Beijing Institute of Technology, China

General Co-Chairs:

William R. Hamel, University of Tennessee, USA

Hajime Asama, University of Tokyo, Japan

Tatsuo Arai, Osaka University, Japan

Darwin G. Caldwell, Italian Institute of Tech., Italy

Shigeki Sugano, Waseda University, Japan

James K. Mills, Univ. of Toronto, Canada

Sergej Fatikow, University of Oldenburg, Germany

Lin Zhao, Harbin Engineering University, China

Program Chair:

Shuxiang Guo, Kagawa University, Japan

Program Co-Chairs:

Jie Zhao, Harbin Institute of Technology, China

Kevin Lynch, Northwestern University, USA

Wan Yun Chung, POSTEC, Korea

Makoto Kaneko, Osaka University, Japan

Jian Guo, Tianjin University of Technology, China

Arianna Menciassi, Scuola Superiore Sant'Anna, Italy

Koichi Hashimoto, Tohoku University, Japan

Jianwei Zhang, University of Hamburg, Germany

Qiang Huang, Beijing Institute of Technology, China

Min Tan, Institute of Automation, CA S, China

Jianda Han, Shenyang Institute of Automation, CA S, China

Organizing Committee Chairs

Yili Fu, Harbin Institute of Technology, China

Shuxiang Guo, Beijing Institute of Technology, China

Organizing Committee Co-Chairs

Xiaohong Wang, Harbin Institute of Tech., China

Aiguo Ming, U. of Electro-Communications, Japan

Hui Li, UESTC, China

Xiufen Ye, Harbin Engineering University, China

Tutorials/Workshop Chairs:

Weishan Chen, Harbin Institute of Technology, China

Nak Youn Chong, JAIST, Japan

Guangjun Liu, Ryerson University, Canada

Invited/Organized Session Chairs:

Kazuhiro Yokoi, AIST, Japan

Daisuke Sasaki, Kagawa University, Japan

Zhijiang Du, Harbin Institute of Technology, China

Jinjun Shan, York University, Canada

Awards Committee Co-chairs

Hong Zhang, University of Alberta, Canada

Nan Xiao, Beijing Institute of Technology, China

Xinkai Chen, Shibaura Institute of Tech., Japan

Publications Chairs:

Ruifeng Li, Harbin Institute of Technology, China

Liwei Shi, Beijing Institute of Technology, China

Satoru Takahashi, Kagawa University, Japan

Publicity Chairs:

Tamio Tanikawa, AIST, Japan

Ying Feng, Concordia University, Canada

Baofeng Gao, Beijing Institute of Technology, China

Finance Chairs:

Ruiwei Yang, Harbin Institute of Technology, China

Jian Guo, Tianjin University of Technology, China

Hidenori Ishihara, Kagawa University, Japan

Local Arrangement Chairs:

Mantian Li, Yanhe Zhu and Bo Pan, HIT, China

Juan Du, Heilongjiang Engineering University, China

Secretariats:

Q. Fu, M. Li, Y. Wang, Y. Li, Kagawa U., Japan

Rui Zhang, Harbin Institute of Technology, China

IEEE

IEEE ICMA 2016

2016 IEEE International Conference on
Mechatronics and Automation
August 7-10, 2016, Harbin, China

Co-sponsors: IEEE Robotics and Automation Society, Harbin Institute of Technology, Kagawa Univ.

Technical Co-sponsors: NSFC, CAA, RSJ, JSME, SICE, JSPE, BIT, HEU, UEC, UESTC, CUST, TJUT

Call for Papers

The 2016 IEEE International Conference on Mechatronics and Automation (ICMA 2016) will take place in Harbin, China from August 7 to August 10, 2016. A renowned ancient city in China, Harbin is situated in northeastern China. As the capital of Heilongjiang province, the city boasts the largest historical museum of the Jin Dynasty, remains of the Huining Mansion and the tombs of Wanyanaguda.

As the host city of ICMA 2016, Harbin not only provides the attendees with a great venue for this event, but also an unparalleled experience in Chinese history and culture. You are cordially invited to join us at IEEE ICMA 2016 in Harbin to live this unique experience. The objective of ICMA 2016 is to provide a forum for researchers, educators, engineers, and government officials involved in the general areas of mechatronics, robotics, automation and sensors to disseminate their latest research results and exchange views on the future research directions of these fields.

The topics of interest include, but not limited to the following:

- Intelligent mechatronics, robotics, biomimetics, automation, control systems,
- Opto-electronic elements and Materials, laser technology and laser processing
- Elements, structures, mechanisms, and applications of micro and nano systems
- Teleoperation, telerobotics, haptics, and teleoperated semi-autonomous systems
- Sensor design, multi-sensor data fusion algorithms and wireless sensor networks
- Biomedical and rehabilitation engineering, prosthetics and artificial organs
- Control system modeling and simulation techniques and methodologies
- AI, intelligent control, neuro-control, fuzzy control and their applications
- Industrial automation, process control, manufacturing process and automation

Contributed Papers: All papers must be submitted in PDF format prepared strictly following the IEEE PDF Requirements for Creating PDF Documents for IEEE Xplore. The standard number of pages is 6 and the maximum page limit is 8 pages with extra payment for the two extra pages. See detailed instructions in the conference web site. All papers accepted will be indexed by EI and all conference content will be submitted for inclusion into IEEE Xplore@.

Organized Sessions: Proposals with the title, the organizers, and a brief statement of purpose of the session must be submitted to an OS Chair by April 10, 2016.

Tutorials & Workshops: Proposals for tutorials and workshops that address related topics must be submitted to one of the Tutorial/Workshop Chairs by May 1, 2016.

Important Dates:

April 10, 2016 Full papers and organized session proposals

May 1, 2016 Proposals for tutorials and workshops

May 15, 2016 Notification of paper and session acceptance

June 1, 2016 Submission of final papers in IEEE PDF format
